

**NEW JERSEY SCHOOLS INSURANCE GROUP  
ERIC SOUTH SUBFUND  
Application for 2014 Safety Grant Program  
Board Resolution to Apply**

**Applicant District** Glassboro Board of Education

The Glassboro Board of Education hereby approves the submission of grant application for the 2014 Safety Grant Program through the New Jersey Schools Insurance Group's ERIC SOUTH Subfund for the purposes described in the application, in the amount of \$10,179.00 for the period July 1, 2014 through June 30, 2015

GLASSBORO SCHOOL DISTRICT  
NJSIG Safety Grant  
March 19, 2014

For our grant request, we have chosen to continue with a project that has already started utilizing district funds. In the start of 2013 the district began installing cameras in our 54 passenger school buses. With this grant we would like to purchase additional cameras.

Glassboro Schools currently operates nineteen 54 passenger school buses. With the heightened level of security needed to keep our students safe, cameras have become a very important tool for the driver not only to maintain the safety of our students but to also maintain the safety of the drivers. Students tend to naturally behave in a different/positive way when they know they are being monitored while riding on the bus. This system that we have currently begun to use allows our transportation director to review actions on a particular bus both by the students and the driver. At this time the district has installed eight cameras on the 54 passenger buses. With the help of this grant we will be able to install up to an additional six to seven cameras. This would be a tremendous asset to our fleets safety and security.

Based on the information outlined in the above paragraph, the Glassboro School District would greatly appreciate the panel of New Jersey School Insurance Group to consider this a viable and very worthy project to utilize our safety funds award. Thank you for your consideration.
