Glassboro High School Outdoors Club Mission Statement

The Glassboro High School Outdoors Club's mission is to encourage an active and healthy lifestyle by exposing students, faculty, and community members to the multidimensional benefits of outdoor activities including, but not limited to: hiking, camping, kayaking and canoeing, plant and animal identification, and general outdoor safety and understanding including principles of No Trace Left Behind. Promoting muscular, cardiovascular, and psychological wellness and fitness through these activities will expose students to new skills and lifelong activities that can be enjoyed at any age. Students at Glassboro High School have requested the creation of the Outdoors Club as a fun activity that links various student populations, forging new relationships within the Glassboro High School community. We will reinforce skills and values such as personal responsibility, accountability, safety, communication, peer mentoring, and leadership. Students will model all of the aforementioned qualities while enjoying themselves in a safe and active manner. Lastly, introducing students, faculty, and community members of Glassboro High School to these outdoor activities will offer exposure to new cultures while sparking untapped areas of interest.
