### **Technology Curriculum Committee Mission Statement:**

The mission of the Glassboro Public School District Educational Technology Committee is to provide our students with robust online learning experiences that support the existing curriculum. The infusion of instructional technology requires the deliberate selection and pairing of goals and digital tools based on the latest research to enable our students to thrive in a constantly evolving technological landscape. The committee will design and deliver professional learning opportunities for staff to help our students become empowered learners, digital citizens, creative communicators, and global collaborators.

### **District Nurse Committee Mission Statement:**

To continue to provide high quality nursing care, with an increased cultural sensitivity awareness, as we work to support the physical and social-emotional, and emergency needs of our school community and to ensure ongoing physical and emotional health and safety in our schools.

## District Nurse Goals 2022-2023

To continue to provide nursing care which is reflective of scientific principles, medical and nursing research and current health and safety regulations, as we attempt to meet the needs of our school community during the ongoing COVID-19 pandemic.

To maintain collaborative relationships in our schools and district in effort to provide support for the physical, social, emotional and academic needs of our student population.

To provide ongoing monitoring of school district health concerns by tracking community COVID-19 transmission, monitoring related concerns in our school community and providing ongoing education about maintaining wellness and minimizing communicable disease transmission

To enhance collaborative communication efforts and efficiency among district nurses through development and utilization of various technology options and shared documents.

To provide nursing care that recognizes the uniqueness of individuals and that is compassionate and respectful and enhances overall wellness in our school community.

## **Science Fair Curriculum Committee Mission Statement:**

This year's committee goal is to foster lifelong scientific inquiry in students.

Three objectives that will help achieve the above goal are:

- 1- Students will identify a topic of interest and develop a model explaining this topic/concept.
- 2- Students will develop an investigation into that topic that will help them to better understand the underlying concept.
- 3- The committee will continue to maintain a Science Fair webpage to provide assistance to students in the process.
- 4- Students will participate in a live and/or hybrid science fair for the 2021-2022 school year.
- 5- Students will submit a single or group-entry project presentation that will be showcased at the live event.
- 6- Students will be asked to record a presentation of their project for those who are not comfortable attending an in-person science fair.

## **ELL Curriculum Committee Mission Statement:**

The mission of the Bilingual Parent Advisory Committee is to prepare all of our students to meet the challenges of a rapidly changing, technology oriented, and diverse society as well as to produce language learners who are socially and academically prepared to be successful in the GPSD and a global society. We want to ensure that linguistically diverse students receive rigorous curriculum standards and achieve high levels of academic success by providing access to quality education. We will continually strive for excellence in all aspects of the education process and teach our students to understand and appreciate human and cultural diversity. We will use the resources of the entire community and will encourage students to be lifelong learners, to demonstrate high achievement, and to develop the skills and characteristics needed to flourish in society. Our goal is to provide a culturally and linguistically responsive education with the supports needed to ensure equitable access to opportunities that promote language acquisition, bilingualism, biliteracy and lifelong learning.

The goals for 2022-2023 school year:

## *Glassboro Public Schools*

1. Provide for parent/family involvement so that they may participate in the education of their ELL(s) student(s).
2. To serve as a liaison between the school district, the parents, and general community.
3. Implement and maintain consistent procedures for the ESL identification process.
4. Evaluate the success of the ESL program and make necessary modifications.
5. To assist in the organization of workshops for parents and attend workshop sessions based on parent needs.
