Date Submitted: 9/26/22

Club Name: Let Girls Be Girls

Advisor's Name(s): Dr. MollyAnne Stevenson-Light

Proposed Officers: N/A

Estimate cost to conduct club (fees, etc.): N/A

Mission Statement/Goals:

The focus of the Let Girls Be Girls (LGBG) program has always been to introduce opportunities, provide mentorship and seek to enhance the interpersonal relationships that girls have with one another at a very pivotal time in their lives. Students are reminded that: attendance is important, classroom behavior and academic requirements must be adhered to and personal accountability during meeting time will have an impact on their continuation within LGBG.

Application for this group is made through students submitting an essay describing their reasons for wanting to be a part of the LGBG group. Applications are then reviewed by a team of Bowe staff members and selections are made. Students are reminded once accepted into the program that: attendance is imperative, classroom behavior and academic requirements must be adhered to and personal accountability during meeting time will have an impact on their continuation within LGBG.

Activities: Past programming has included a variety of activities including but not limited to: creating blankets for local Children's hospitals, partnering with organizations to raise funds for their particular cause, guest speakers, STEM related activities, journal writing, healthy eating ideas and cooking, small crafts, glass making and so much more.
