

Glassboro Public Schools

MEMO

To: Dr. Al Lewis, Superintendent

From: Mr. Craig Stephenson, Assistant Superintendent

Date: 9/22/26

Re: Action Memo
Board Meeting 9/23/26

Purpose:

To provide the Board of Education with the Glassboro Public Schools 2026–2027 Assessment Information for Parents and General Public document, which outlines the state and district assessments scheduled to be administered during the 2026–2027 school year. This document will be posted on the district website.

Background:

Pursuant to N.J.S.A. 18A:7C-6.6, New Jersey school districts are required to annually provide parents/guardians with information regarding statewide student assessments and commercially developed standardized assessments that will be administered during the school year.

The attached 2026–2027 Assessment Information for Parents and General Public fulfills this annual notification requirement. The document includes the district's anticipated assessment schedule for the school year, including applicable grade levels, subject areas, testing windows, and other required information. It also provides links to resources that families may access for additional information regarding individual assessments, accommodations and accessibility features, sample items, and student results.

The document will be shared with Glassboro Public Schools families and made available to the general public in accordance with state requirements. Should the district determine after the initial notification that an additional commercially developed standardized assessment will be administered, the required information will be communicated to families within the applicable timeframe.

Board Action:

No action is required. This item is presented for informational purposes only
