

Dorothy L. Bullock School

Code of Conduct 2026-2027 – Grades 1 and 2

Dorothy L. Bullock School Code of Conduct

Philosophy & Intent

This procedural manual has been developed by Glassboro Schools for the purpose of delineating school rules, practices & consequences. It is meant to be a general guide for students, teachers, and administrators. Certain situations may warrant measures different from those prescribed herein. In such instances, administrative discretion will prevail.

Glassboro Schools would like to give your children the best education possible. Cooperation of staff, parents and students is essential in obtaining our goal. Structure and discipline are needed to ensure that all students are given the opportunity to learn in a safe, undisturbed environment. Consistent rules and consequences will help students learn that there are logical consequences for not following expectations. They are used to help students to solve their problems through character building interactions with our school faculty. Parental support is also critical in teaching appropriate school behavior; therefore, parent communication is expected from all staff to ensure that children receive the same message from both home and school.

It is our hope that this manual will assist parents, students, and teachers in the identification of unacceptable behaviors and provide a clear and consistent explanation of consequences such behavior will merit. As a listing, it is not intended to be all-inclusive. This manual's intent is to identify commonly recognized behaviors that are unacceptable in the educational setting. The school administration and/or Board of Education have the right to administer discipline for any other offense that is in violation of the law of school district policy or procedures, or in violation of acceptable standards of conduct for our students.

Bulldog PRIDE

Glassboro School District has enthusiastically embraced a district-wide character development initiative and is represented with the acronym PRIDE. Along with our continuing emphasis on academic growth, we are paying special attention to increasing the character of our young people. It is the district's firm belief that this will not only improve our schools but have a life-long benefit for every one of our students. Each month we will be discussing a character "virtue" that is integrated into our teacher to student language, morning meeting, character-ed lessons, etc.

We also honor a student from each classroom every month based on the monthly virtue. Students will receive a letter home, a certificate, a small token, and have their name announced on a special announcement as our Bulldog Buddy Character of the Month.

Mission Statement: "Empowering students to be unique, exceptional citizens through a culture of character and learning."

Vision Statement: "Building model citizens."

Core Values: Perseverance, Respect, Integrity, Dependability, Empathy

Strategic Code of Conduct:

1. We are truthful and respect ourselves and others.
2. We are mindful of others while making decisions.
3. We are problem-solvers who seek knowledge and wisdom.
4. We are responsible for our own words, actions, and consequences.
5. We are humble leaders who model good behavior and show compassion to all.
6. We make good decisions by having self-control and inner strength.
7. We treat others fairly and always help those in need.
8. We give time and effort to improve our school and community.
9. We always try our best in everything we do, even when it's hard.

Monthly Virtues:

Month	Virtue	Definition	Phrase
September	Wisdom	Wisdom is seeing what is right, what is truthful, and knowing the right thing to do.	"How can we make a wise choice?"
October	Integrity	We can show integrity by following the rules, being honest, and telling the truth.	"When you wish upon a star, integrity shows who you are!"
November	Self-Control	Self-control is the ability to control your feelings, emotions, or reactions.	"Show self-control, don't pop other people's bubble."
December	Justice	Justice is treating other people fairly, as you would want to be treated yourself.	"Fair means everyone gets what they need."
January	Fortitude	Fortitude is sticking with it and doing the right thing.	"I think I can! I think I can!"
February	Positive Attitude	Positive Attitude is thinking and believing that everything will turn out well in all that you do.	Words to live by - "I'm going to have a good day."; "I choose to be happy."; "My brain is powerful."; "My feelings matter."
March	Humility	Humility is being confident without thinking you are better than someone else.	"Friendship is gained through humility and actions of the heart."
April	Respect	Respect is making an effort to understand how others think and feel, while treating them with kindness.	"Respect yourself, your friends, and your school."
May	Love	Being a true friend who unconditionally gives and wants the absolute best for someone.	"Love yourself, your friends, and your school."
June	Charity	Charity is caring for and helping other people through acts of giving and service.	"Show us how you can help your school and community."

Through the modeling of schoolwide expectations (rules), common vocabulary, and data-driven decision-making, our children quickly learn what a positive learning environment "looks like."

As our *Bulldog Buddies* motto states, every student at Bullock School will: *Take care of yourself, your friends, and your school!*

Teachers begin by teaching children that there are positive consequences for following expectations. This includes rewarding students with specific, positive praise statements. The schoolwide expectations and “what they look like” in practice are explained as needed and are modeled several times throughout the year.

Student Rights & Responsibilities	Expectations for Student Behavior
• Equal opportunity & equal treatment are provided to every student without discrimination. • No disciplinary action will exceed the degree of seriousness of the offense and will take into consideration the history & background of each student. • Standards of conduct forbid injury to persons or property. • The teaching & learning process takes place in an orderly educational environment with open communication, self-discipline, and clearly understood lines of authority and control.	<i>Students are expected to:</i> • Come to school ready to learn. • Show respect for people and property. • Take responsibility for their own behavior and learning. • Use time and other resources responsibly. • Share responsibilities when working as members of a group. <i>In “kid-friendly” terms all students are expected to: Take care of yourself, your friends & your school.</i>

Expectations for Parent Involvement

The *Code of Conduct* is meant to be a general guide for students, teachers, and administrators. Certain situations may warrant measures different from those described herein. In such instances, administrative discretion will prevail. Parents are expected to:

- Review & discuss the *Code of Conduct* with their children.
- Understand and support the need for appropriate rules and regulations regarding safety and conduct.
- Understand that all students are expected to adhere to the *Code of Conduct* and that interventions will reflect that student’s age, maturity level, and behavioral history/background.
- Participate in conferences as requested by teacher(s) and/or administration.

Teacher Statement of Responsibilities

Teachers have the responsibility to make every effort to treat each instance with fair and impartial judgment reflecting the age, maturity level and behavioral history/background of their students. Teachers have a responsibility to make sure that every student understands his/her obligation to the school community by instilling social responsibility and self-governance. Students must be given the necessary information to understand the need for rules and the application of them. In the enforcement of the policies, the teacher must make every effort to apply the *Code of Conduct* with consistency, reasonableness, and common sense. Once a student has been referred to the office, the administrator's discretion will prevail. Rules of confidentiality must be followed in all circumstances. Teacher expectations and responsibilities include:

- Conferencing with parents and/or principal. It is essential that parents are made aware of the problem in a timely fashion and are asked for their help in eliminating the problem.
- Teachers understand that all students are expected to adhere to the *Code of Conduct* and that interventions will reflect that student's age, maturity level, and behavioral history/background. Harsh or unusual punishment should be avoided.
- Teachers will provide opportunities for students to role-play schoolwide expectations to instill student social responsibility and self-governance.
- Teachers must notify building administration of repeated violations of the *Code of Conduct* via ODR (Office Discipline Referral) forms.
- All staff should model positive behavior patterns that students can emulate including positive praise statements. Proper dress, professional traits (such as no gum/food in the classroom) and tone/inflection are also very important.
- Teachers will log all parent communication in Power School.

HIB Violations - Harassment, intimidation or bullying" means any gesture, any written, verbal or physical act, or any electronic communication, whether it be a single incident or a series of incidents, that is reasonably perceived as being motivated either by any actual or perceived characteristic, such as race, color, religion, ancestry, national origin, gender, sexual orientation, gender identity and expression, or a mental, physical or sensory [handicap] disability, or by any other distinguishing characteristic, that takes place on school property, at any school-sponsored function [or], on a school bus, or off school grounds as provided for in section 16 of P.L.2010, CHAPTER 122, that substantially disrupts or interferes with the orderly operation of the school or the rights of other students and that: 5 New HIB Definition a) a reasonable person should know, under the circumstances, will have the effect of physically or emotionally harming a student or damaging the student's property, or placing a student in reasonable fear of physical or emotional harm to his person or damage to his property; [or] b) has the effect of insulting or demeaning any student or group of students [in such a way as to cause substantial disruption in, or substantial interference with, the orderly operation of the school]; or c) creates a hostile educational environment for the student by interfering with a student's education or by severely or pervasively causing physical or emotional harm to the student.

The following infractions include behaviors/actions that not only violate our code of conduct expectations but may also be violations of our HIB Policy. In addition to the disciplinary investigation, a HIB investigation conducted by our Anti-bullying specialist will be initiated by the principal to determine if a violation of the HIB Policy has occurred. Disciplinary consequences resulting from the disciplinary investigation may be administered at any time. Please note that additional discipline may be administered at the conclusion of the HIB investigation based upon the recommendations of the HIB specialist.

Procedure for Suspension from School

Pupils may be suspended by the building administration for any of the reasons listed in the *Code of Conduct*. In the event of suspension, the pupil will have an informal hearing with the building administration. This informal hearing shall include:

- Informing the pupil of the claim against him/her.
- Giving the pupil an opportunity to reply to the claim against him/her.

In most cases, suspension time begins at the end of the school day on the day that the suspension is issued. However, the administration has the right to suspend a pupil from school immediately when it is determined that waiting until the end of the school day will jeopardize the safety and well-being of other pupils. If this is the case and a parent/designated adult cannot be reached, police and/or DCP&P contact may take place.

Parents will be notified of the suspension by telephone (if available in the home) and in writing. In cases that result in suspension from school a parent conference with the appropriate building administrator is required before the pupil may be permitted to return to regular classes.

Disciplinary Chain of Command

If the principal is out of the building and is needed for disciplinary action, it is imperative that a second or third in command be designated. This person would be granted discretionary power to handle the situation until the administrator returns or is able to act.

1. Principal
2. District Administrator/Supervisor
3. Lead Teacher
4. Guidance Counselor
5. Designated Staff

Disciplining Student with Disabilities

For any student who misbehaves, a school should decide what action is most likely to correct the misconduct. In the case of a disabled student, the decision may need to consider the student's disability. For students whose disabilities have behavioral aspects, for example, preventative

measures (such as behavior modification plans) should be considered and facilitated through the individualized education program (IEP). It is essential to work cooperatively to address concerns when signs of misconduct by students with disabilities first appear before drastic measures become necessary.

If these steps are not successful, the appropriate use of measures such as time-outs or restrictions in privileges should also be considered, so long as they are not inconsistent with a student's IEP.

No prior determination of whether the misconduct was a manifestation of the student's disability is required before any of the above measures can be implemented. This includes suspending a disabled student for up to two school days.

When a student is suspended or is to be suspended, the case manager should be notified. A copy of the suspension letter sent to parents/guardians should be sent to the Director of Special Services. This letter should contain the reason for the suspension and the number of days of the suspension.

If the misconduct is such that more measures would be called for, the case manager should review the student's current program/placement and consider whether a change in placement would be an appropriate measure to address the misconduct.

When educators believe that more measures are called for, a disabled student may be removed from the school for more than ten days only if the following steps are taken: First, the case manager is informed. The case manager convenes a meeting with a group of people knowledgeable about the student. The group could consist of the case manager, other members of the CST, principal & student's teacher. The parents must also be invited to the meeting. At the meeting, this group will determine whether the student's misconduct was a manifestation of his/her disability.

If the group determines that the misconduct was not a manifestation of the student's disability, the student may be expelled or suspended from school for more than ten days, provided applicable procedural safeguards have been followed and educational services continue during the period of disciplinary removal.

If the group determines that a student's misconduct was a manifestation of his/her disability, the student may not be expelled or suspended from school for more than ten school days. Educators can still address the misconduct through appropriate instructional and/or behavioral management strategies, students, and teacher training initiatives (measures such as study carrels, time-outs, or other restrictions in privilege, for example), so long as they are not inconsistent with the student's IEP, or (as a last resort) through change of placement procedures in accordance with IDEA. Moreover, the school district has the option of seeking a court order at any time to remove the student from school or to change the student's placement if it believes that maintaining the student in the current educational placement is substantially likely to cause injury.
