Re: Action Item  
February 23, 2022

---

The Technology Department is working diligently to clean out our Bullock offices in preparation for the realignment of grades 1-8. We would like to post the following outdated/decommissioned equipment on Gov Deals for auction:

5 Panasonic large screen panels (decommissioned)  
1 Smart Board large screen panel (decommissioned)  
267 3150 Dell student laptops (decommissioned)

Any tech equipment containing a hard drive will be sanitized (hard drive removed) prior to sale.
