Board approve 3-year subscription for Barracuda Essentials at \$80,718.75 paid annually at \$29,906.25. This product does spam filtering on email and archives all email for compliance with retention requirements.

NOTES:

These Cloud applications will replace our existing email archiver and Email Spam filter and place them in the cloud. This integrates with Office 365 better and provides additional layers of security for email while whether staff is on network or remote.

Positives

Provides the ability to monitor and secure email for staff and students whether they are on network or working remotely. Removes a processing loop in our existing setup so that will increase routing efficiency. Works in conjunction with our firewall.

Concerns:

Other Comments:

CARES Grant will be used for 1st year payment. Original Funding was approved through OP/EX budget.
