

AEHS
October 31, 2024
Robert Hemmes, Principal
Susan Powers, Principal

INSTRUCTION / STUDENT NOTES:

- As of October 31, 2024 there are 14 students attending AEHS full time but continue to expect several more students within the next few weeks including possible Middle School Students.
- We are continue working on getting our students in classes in PowerSchool so parents and administration can see the most up to date information as in day school, currently they are only listed in a homeroom.
- Paper progress reports were mailed out to all parents to update them on attendance and grades in mid-October. If PowerSchool is not up by the end of the marking period in November we will mail out paper report cards to our students
- Transportation has been a great help getting our students here on time and safely back home.
- Our new science teacher will be starting early November and has been Board Approved.
- We continue to look to add more electives for our students to keep them on track for graduation with their credits
- Students are currently taking all their major subjects including Math, Science, History, and English. Students are also taking a business and language elective

FACILITIES:

The GHS custodial staff have been a great support working around us and the additional classrooms we have been utilizing.
