- **Back to School Night 2019** – Back to School Night at Bowe was held on 9-11-19. The turnout was very good. The evening kicked off with a Wellness Fair with a number of community organizations and businesses set up in the gym to share information with parents. A short welcome by Dr. Silverstein and presentation by Mr. Stephenson followed. (The presentation is now posted on the website so that all parents can access.) Parents then had the opportunity to meet with teachers. A great night!

### LOSS OF GOOD STUDENT STANDING/ CONSEQUENCES

All students will begin the school year with status known as “Good Student Standing”. A student with “Good Student Standing” may attend or be eligible for any school wide events or extracurricular activity offered by the Thomas E. Bowe School.

If a student receives a discipline referral that results in a consequence, in addition to the consequence defined in the discipline code, the student will lose their “Good Student Standing”. Loss of Good Student Standing means the student will be denied the privilege to attend all said events for the number of days explained in this policy. These days are immediately following the suspension. In the event an activity occurs when school is not in session (weekends or holidays), those days will count when determining the student’s Good Student Standing. Activities in this policy include the following (up to but not limited to): *wellness activities, PBIS school-wide rewards, Real Men Read, Battle of the Books, Renaissance, Building Men, Student Council, Let Girls Be Girls, band, orchestra, and choir; dances, field trips, field day, possible school assemblies, and any other special extracurricular activity that may be scheduled.* Administrative approval is needed to attend an academic activity such as after school tutoring or homework clinic. ***This includes the Sixth Grade Camping Trip and the DARE dance. More information regarding behavioral requirements for these events will follow.***

Loss of Good Student Standing for a total of 90 days or more in a school year removes a student from Good Student Standing for the remainder of the year. It also renders the student ineligible to attend field trips and after school activities for the remainder of the school year.
