

Dorothy L. Bullock School

Board Report – October 2021

Submitted by Kelly Ann Marchese

Educational Happenings and Community Involvement Activities

- September 27th – We held our first hybrid back to school night. Parents were given the option of attending 2 in-person sessions or 1 virtual session. A welcome presentation was sent out the morning of the event from myself, the superintendent, and members of our school community.
- Our first and second grade classes are excited as the installation of their clear touch panels begin. We will plan building wide training to ensure our teachers are comfortable with the new technology.
- Grade levels have met in PLCs to collaborate and plan for our new Wit and Wisdom Language Arts Curriculum and our PhD Science Curriculum

Staff Training and Committee Meetings

- Team Faculty Meetings – dates shared for the year
- Reinstated our Bullock School Leadership Team, developing an agenda to be shared at PLC meetings – each grade level, department, and special area team has a liaison to represent them in the meetings – we discuss our successes and challenges collaborating as team in making decisions that are best for our students
- Grade level PLC meetings to collaborate and plan to implement our new Wit and Wisdom Language Arts Curriculum and our PhD Science Curriculum
- Met with our Rowan PIR and selected our Building Representative
- I have completed almost all of my individual meetings with members of my staff to learn about the community of Bullock School. Each meeting is approximately 15 minutes long. I am taking notes on responses to help guide our plan for the school year. The questions are: What makes you proud to be a member of the Bullock School Team? If you were me, what would you focus your attention on in the building? What do you need to be successful in your classroom this year? Do you have any questions for me at this time?
- We have completed our MAP testing and are now using the data to guide instruction and select students for our Basic Skills Program

Facilities and Operations – see Mr. Booth’s monthly report

Nurse’s Report – see Mrs. Dunn’s monthly report

Staff Evaluations –

Tenured Certified Staff	0
Nontenured Certified Staff	0
Noncertified Staff	0
