

# GLASSBORO HIGH SCHOOL BOARD REPORT

Principal - Dr. Monique Stowman-Burke  
Director of Athletics - Mr. Christian Lynch

## March 2026

### PERSONNEL

- Staff evaluations to date - 118

### COMMITTEE MEETINGS & PROFESSIONAL DEVELOPMENT

- Faculty Meeting - 3/6
- PRIDE & NJTSS - 3/3
- Dept. -3/6
- Student Supt. & Attendance- 3/19
- Common Planning - 3/16

### CURRICULUM AND INSTRUCTION (C&I)

- 55 seniors have not met the state testing requirements for graduation and are currently working on Portfolio Appeals

### OPERATIONS

- Drills were carried out in accordance with N.J.S. 18A:41-1.

### FACILITIES

- Health Office—The health office requires renovations to provide proper medication storage, a private office to ensure student confidentiality, and additional beds. Considering the school's size and population, the current nurse's office is insufficient.
- Stadium - New bleachers should be considered for both the home and visitor sides, as they are not ADA-compliant.
- A new sound system is needed in the gym.

### BULLDOG PRIDE

- Congratulations to Suany Sandoval Sosa (grade 9), Rachael Quaynor (grade 10), Maria Swartz (grade 11), and Katherine Viden (grade 12) on being recognized as our Spotlight Students.
- Congratulations to Jenna Cherenfant and Jack O'Connell on being selected as our Seniors of the Month.

July sport physical processing

August sport physical processing

September Ongoing sport physical processing with planning for Winter sports collection. Managing district nurse web page with revisions to streamline downloadable forms. Processing new student enrollees and noted limited attachments of required proof of immunization records and physical exams. This causes much time and investigative effort to locate and request records. ERIP now housed at GHS with small group of students with diverse needs. Consulted with lead nurse of possible development of parent letter that can be sent home for nurse office visits for these students. Completed district Nurse QSAC report

October Graduated student required copies of medical reports for college sports, nurse was able to locate records and assist student in clearance for sports. Reviewed student list for compliance for annual renewal of forms-including chronic medical documentation, food allergy, seizure plans, asthma action plans. Drafted parent letter for mailing requesting required documentation. Incoming list of students updated and calls made to sending school district for health files and a45 cards. Preplanning for Senior class trip with review of student medical needs. Homecoming food lists and attendance list reviewed for medical concerns and food allergies. Delegate will be at events. Pre-planning for senior class trip with medical needs and allergies. Updated sport physical packets to reflect the new forms and process after referral to school legal as issue off school physician review of said forms. Updated web page links for the updated forms. Planning for winter sport season and sport physical collection-this information posted on district web page also. Developed a form to be sent home for parent notification of office visit. updated district nurse google documents with new information on communicable diseases-noted an increase of hand foot and mouth at lower elementary level and received new material from local health dept.

November Reviewed list of transferring out students from July to September, pulled any files and a45 cards. Made calls to sending school districts for outstanding records for transfers into GHS. Blood drive planning and sign ups. 30 day review of current homebound and processed forms for renewal by school physician.

December Medicaid Random Moment in Time report completed. Multiple classes from Bowe/Bullock to GHS for auditorium use that required management of medications for these students and reviews of lists. Ongoing sport physical processing. Coordinated the district TB report: disseminated testing results to district nurses for individual building level reports, GHS nurse will maintain full district reports. Confirmed with local health dept. no reports needs to be submitted to county or state. Preparation for Immunization audit with compliance noted on 2 students- both received required immunizations. Hosted successful blood drive. Preparation for conducting Rodger school's CPR/AED training class as several staff members are no longer certified-plan for January 2026 class. Started working through gym classes for annual health screenings.

January Conducted Rodgers staff Adult and Pediatric CPR/AED training in 2 sessions to accommodate admin team needs. This required preparing for the class, gathering supplies from Bullock nurse. I also reviewed Rodgers school nurse's CPR supplies and replaced broken equipment. Continued with health screenings of students during gym classes. Completed both GHS and Little bulldogs immunization audit and annual immunization reports. 1 GHS student is pending final vaccine to be in compliance. Reviewed attendance and contacted family for chronic medical notes which were finally successful. Student also was finally evaluated by specialist with medication added twice daily to control and stabilize asthma. Nurse will continue to monitor attendance for success. Reviewed current home bound students and processed forms for continuation as it is still medically necessary. Consulted with guidance on student returning to school post home bound.

February Assisted Rodgers nurse with ordering AED replacement and supplies. Contacted Gloucester Office of education for Narcan order-which should be free-pending order for district replenishment. Gathered immunizations records for all transfer students from out of state, county and country for Health department audit. This includes the Little Bulldog program and ERIP program also. Developed and revised health care plan for student with complex medical conditions. Responded to a student with an acute laceration to finger which required quick assessment and intervention, leading to quickly controlling bleeding and pick for evaluation-received stitches. Suspected under the influence paperwork is dated and issue arose when Bullock school needed the forms. Took over primary lead on this to get updated forms established. Streamlined a google folder for district nurses to share and uploaded common norms that can be edited as needed for all district nurses to use. health screening alerted nurse to deviation of weight norms for a student. referral letter sent home which prompted parents to contact primary care physician and start student on interventional plan for weight gain.

March Health department audit of immunization records which included little bulldog program, ERIP program and GHS student from out of state, out of country and out of county. 100% compliance received. Attended CEU class for Ear assessment and otoscope use. Attended webinar from NJ health department on the new immunizations reporting system for 26-27 school year. Ongoing spring sport physical processing.
