COMMITTEE MEETINGS

- GHS is holding department meetings and PLC remotely via WebEx.
- Admin Meetings - Planning for Virtual Graduation

CURRICULUM AND INSTRUCTION (C&I)

- Virtual Learning Report
 - Students and staff have shown tremendous growth during the past few months regarding their ability to learn and teach online. The technological skills of our staff and students have vastly improved and reflecting on the SAMR Model, COVID has forced teachers to use technology, and therefore, tasks that were once inconceivable are imaginable and are playing out on virtual learning platforms. In looking for light in the darkness, COVID's positive impact is that it accelerated the professional development of staff and enhanced our student's skillset; truly redefining education. The possibilities have proved to be limitless.

ATHLETICS/VISUAL AND PERFORMING ARTS (V&PA)

- Coaches and club advisors continue to serve as mentors as well as providing students with meaningful activities related to their area of focus.
- Student members of the GHS Marching Band created a recruiting video to share with prospective band students. The video will be accompanied by a new online form for registration.
- Members of the GHS Music Department have worked both individually and in collaboration on virtual music projects, including the GHS Faculty Song, music for the Virtual Graduation video, and student projects.
- Freshman GHS Music Academy student, Nyah Ellis, has just been chosen by the Scholarship Committee of the American Association of University Women to be the recipient of a \$300 scholarship to attend Rowan University's first annual online Future Music Major Workshop - August 3-7, 2020.

- Members of the GHS Music Academy participated in online music lessons with their Rowan instructors. They also participated in the Rowan Community Music School virtual recitals which were streamed through the RCMS Facebook page.

OPERATIONS

- Safety & Security Drills
 - N/A

FACILITIES

- GHS is currently in the process of reallocating closet space to make room for PPE and necessary supplies to prepare for the upcoming school year.
- The possibility of a second health office is being explored to allow for a sick and well room. This would be possible if a substitute nurse was hired for the fall semester.
- Health Office – New lighting is requested as the room is dim. It is also recommended that the walls be repaired and painted due to flaking. Finally, it is imperative that proper storage cabinets be added, as storage is

required for medical supplies that are currently exposed. The room could be addressed by replacing/adding two sets of cabinets (L Shaped) with new sinks (plumbing already exists) to replace the inefficient cabinets.
