 - Thursday, May 19th, 7:50-11:30 AM - English Testing
 - Friday, May 20th, 7:50-11:30 AM - Math Testing

BULLDOG PRIDE

- **GHS Spotlight Students:** Congratulations to Kaylee Johnson (grade 9), Marcus Brown (grade 10), Enica Allen (grade 11), and Jazlin Santiago Rameriz (grade 12) for being recognized as our Spotlight Students this month for showing the six pillars of character (Trustworthiness, Respect, Responsibility, Fairness, Caring and Citizenship).
- **GHS Seniors of the Month:** Congratulations to Gianna Taylor and Natasia Waters on being selected as our Seniors of the Month. This nomination is the highest honor one can obtain at GHS, as those selected truly represent what it means to be a bulldog. Each senior selected now enters in the running to receive the most revered award presented at Glassboro High School, the Faculty Bowl. This award is given to one member of the graduating class who, in the judgment of the faculty, has made the greatest contribution to the school.

July sport physical processing. Monitoring covid reopening planning

August sport physical processing. Reviewed new mandates related to reopening and covid. Monitoring for new health department recommendations for covid situations. Reopening planning and consultations with district nurses

September Contact tracing for 7 covid positive students. 1 student attended school while sick for 2 days, riding a bus, this caused contact tracing to occur over 4 days of school exposure including after school sports. Additional student also attended school and after school sports x2 days and related contact tracing spanned over 4 school days. Measured classroom desk placements, interviewed teachers for student close contacts. staff members also presenting ill with 2 confirmed positive covid cases that required contact tracing over several days of school in various classrooms and activities. Managed complex new student registrations from out of country that required multiple immunizations to become compliant with NJ law. Researched CDC for recommendations on Plexiglass partitions-not recommended due to impeding airflow. Consultation with school physician for mask exemption. Developed quick parent reference for covid situations. Posted quarantine guidelines and said quick references on district nurse web page. Diligently called back or answered every single email from parents with various concerns and questions. Several consultations with local health dept on contact tracing, quarantines, and possible outbreaks. Consulted with trainer and coaches with recommendations to increase social distancing, maintaining seating charts and starting cohorts to aid in the ability to contact trace without impacting the entire team/sport. Developed organization tool and google doc to communicate the need for remote learning for students entering and exiting quarantine.

October Consulted with class advisor for homecoming dance and covid protocols. Started annual health screening. Review of transfer in immunization records for compliance, identified deficits and parent letters mailed. Many covid consultations and quarantines with many follow up calls and emails required.

November coordination with Mdunn on student covid testing for screening purposes. Frequent nurse collaboration on cross over for sibling quarantines. Contact tracing related to GIS covid situations since students are on shared bus runs. Weekly nurse schedule coordination with additional staff to assist nurses. Completion of Rowan school nurse practicum hours. frequent parent contact to advise on the need for quarantines, answering all questions and assisting families with covid concerns. Winter sport season sport physical processing with daily deliveries to school physician for review of sport physicals. organized American Red Cross blood drive for 12-3-2. Review of weekly staff covid testing to break down data to each individual nurse to maintain privacy.

December Coordinated district wide student weekly covid testing, on-site for all district schools.. Point person for uploading all student registration into the weekly testing program. Point person for uploading of district staff enrollment into weekly testing program. Uploaded and managed the district web page on student covid testing. Now taking on responsibility for district covid dashboard. Point person for all covid testing results for the district wide staff and student testing. Due to on site testing, expanded covid testing to vaccinated staff now and increased enrollment in this service. Frequent daily parent contacts with >90 cases of quarantine for December that have required consultation and collaborative with other district nurses. continue to maintain accessible to parents questions and concerns for covid with same day call back, weekends included. Assisted student in accessing health care for required vaccinations to come up to compliance to NJ law. Hosted American Red Cross Blood drive with successful donations from 22 staff and students. Point person for extra nurse staffing for district, coordination with sub nurses and agency nurse group for staffing needs.

January Took the lead and coordinated the development of curb side covid testing for district with vender. This allowed many district staff members to obtain much need covid testing following winter break. Have been assigned the task managing the district covid dashboard, requires time to set up and monitor district web pages. stayed abreast of frequent health dept recommendations on covid protocols and recommendations. Updated district web pages for covid information and also nurse district web page. This included revamping quick references and flow charts to assist parents in quarantine timelines. Weekly state reporting on covid cases and quarantines. Developed method of tracking the on-going covid surge for assigned areas (board and GHS) which included 151 active cases of staff and students for the month of January. Developed google form for the district in obtaining interest in covid testing. Spear headed the planning for weekly covid testing located with each school district building. This included posting consents for parents on district web pages, google sheets to uploading registration to vender, coordination with other district nurses. Managed district wide covid testing results from the vender, downloading results of covid testing and then distrusting results confidentially to district nurses. made recommendations to athletic department on athletes returning to play following covid diagnosis- maintained up to date on American Academy of Pediatric recommendations

February This month nurse focused on conducting annual health screenings including heights, weights, vision and hearing based on the significant need due to extensive pandemic restrictions. Successfully met with 144 students and completed screenings. Noticeable drop in daily covid/illness tracking school wide allowed a normal return to typical nurse office functioning. Increase need noted in first aid care and also on non-covid illness management. Managed Web Based covid tracker for district. Back up coverage for GIS while sub nurse present for 2 weeks-handled sport physicals with medical clearance, covid scenarios. Annual review of individualized health care plans in progress. Monitored new transfer students for immunization compliance and provisional status.

March

This month nurse focused on annual review of health care plans-completed. Immunization compliance: assisted new family in obtaining required immunizations which required communication with primary care/family/sponsor support person and health department with referencing CDC catch-up schedule. Consulted with SAC on several students with emotional concerns and required additional screening. Spring sports started with up take in sport physical processing with daily delivery of physicals to school physician.
