FLL Event at GIS

On Saturday Feb 12, 2022, GIS hosted its 5th annual FLL Lego Qualifying event. This event is hosted in conjunction with Rowan University. Rowan hosts the Southern New Jersey Regional event and GIS supports that by hosting one of four qualifying events.

The first three years, this event was live, and we saw 12 FLL teams and 8-12 FLL Jr teams. This year per Rowan, the event was virtual. We were scheduled to have twelve teams, but unfortunately 1 team dropped out. Teams prepared videos of their robot completing challenges and they prepared solutions to real world problems, created robot programs, and demonstrated core values during a 30-minute judge session.

Mrs. Barr prepared a pre-recorded opening ceremony and closing award ceremony.

Mr. Hemmes assisted with advising the Judges and helping to move teams in and out of their judge session.

Mrs. Carson and Ms. Ceglia were able to assist with Judging in addition to John Schneider (Glassboro Alumni) and Beverly Plein (NJSBA).

This event serves as a small fundraiser for the STEM Academy.

Two (2) teams from this event were selected to compete in the regional event hosted by Rowan on March 19th.

We look forward to the possibility of continuing to host this event when the dust settles next year at the Bowe Middle School.
