PUPIL PERSONNEL SERVICES (Guidance/SAC/CST)

• In October, our school focused on the virtue of Integrity. Students learned that integrity means following the rules, being honest, and telling the truth. The visual used was Pinocchio to help reinforce this message. Our character education lesson featured I Promise by LeBron James, which emphasizes how our promises to ourselves and our community shape our success. Students completed an "I Promise Pledge" drawing activity to connect their learning. The monthly phrase was "When you wish upon a star, integrity shows who you are!"

BULLDOG PRIDE

- On October 3rd, we celebrated Hispanic Heritage Month with a special Read-In where students listened to stories that honor and highlight Hispanic culture.
- On October 6th, the Glassboro Fire Department visited JHR for Fire Prevention Week and held a grade-level assembly on fire safety. Students also had the exciting opportunity to see a fire truck up close.
- From October 6th through October 10th, we recognized the Week of Respect, which is a statewide celebration in New Jersey focused on raising awareness about bullying prevention and promoting positive school climate. We celebrated with themed spirit days throughout the week. Our kindergarten students also had a memorable kickoff with a presentation from NFL star Devin Wyman and The Youth Alliance. His message of having a dream, working hard, and never giving up connected directly to our focus on wisdom, integrity, and respect, and students were highly engaged. Our spirit days included:
 - Monday World Bullying Prevention Day: Rodgers turned blue to stand united against bullying
 - Tuesday Team Up Against Bullying: Students and staff wore their favorite sports team gear
 - Wednesday Don't Sweat the Small Stuff: A cozy sweats day centered on kindness

Thursday – Bulldog Strong Day: Students proudly wore maroon and gold to show Glassboro pride

GLASSBOR

- On October 9th, kindergarten students visited Mood's Farm, where they enjoyed an apple cider donut, apple cider, a pumpkin wagon ride, and selected a pumpkin to take home.
- On October 24th, our preschool students picked a pumpkin from the "Pumpkin Patch" or created on-site by our preschool staff. Students completed a pumpkin activity in their classrooms with a family member before taking their pumpkins home.
- On October 31st, we held our annual Halloween Parade for all preschool and kindergarten classrooms. Students paraded around the perimeter of our playground for families to enjoy seeing their children dressed in their Halloween costumes.
- Through our partnership with Glassboro High School's Early Childhood Education class, under the direction of Nancy Brown, high school students gain practical classroom experience by supporting our Kindergarten classes. Each Kindergarten classroom has been paired with a high school student who joins from 12:00–1:00 pm daily for the remainder of the school year. Their responsibilities include working with individuals or small groups, assisting with bulletin boards, observing instruction, setting up classroom materials, escorting students to the nurse or office, introducing a portion of a lesson, supporting students during independent work, or reading to a group. Currently, 5 high school students are assigned to our kindergarten classrooms every day. An additional 19 students visit twice a week and will begin attending daily in December.
- We are also continuing our collaboration with Montclair State University through the NJIETA Sustainability Grant. This five-year initiative is designed to expand access, participation, and support in inclusive early childhood education and to strengthen our preschool program. On October 22nd, our team met to review the visuals inventory survey that will be sent to staff. The information gathered will help guide planning for additional professional development for the 2025 2026 school year.
- 32 of our preschool and kindergarten students in Special Education are
 participating in Rowan University's Adaptive Physical Education Program this fall.
 For eight weeks, students are paired with Rowan undergraduates under the
 guidance of a Rowan professor. Each child completes a Test of Gross Motor
 Development and receives follow-up lessons targeting fundamental movement
 skills in the areas of locomotor, manipulative, and stability.
