Board approve 5 year, zero percent lease with Cisco Capital for purchase of network security applications (AMP, Cloudlock and Umbrella) that provide filtering, monitoring and added protection from the cloud while devices are off network at a total cost of \$264,422.75 at \$52,884.55 per year

NOTES:

These applications will replace our existing local security application and enhance our network monitoring and support while devices are remote. CLOUDLOCK protects files and monitors data being stored in Google and Onedrive, AMP provides local and cloud security against viruses and malicious content, UMBRELLA provides cloudbased filtering of devices that are off network, helping to maintain CIPA compliance if a device is off network,

Positives

Provides the ability to monitor and secure devices that remain off network for extended periods of time. Workings in conjunction with our firewalls and webfilters.

Concerns:

Other Comments:

CARES Grant will be used for 1st year payment. Original Funding was approved through OP/EX budget.
