**GLASSBORO PUBLIC SCHOOLS  
DISTRICT PROJECT UPDATE**

---

---

**District Wide Projects**

- Carbon Monoxide Detector installation is completed and inspected, still waiting for updated software for the readable Carbon Monoxide Detectors.
- Old battery-operated Carbon Monoxide Detectors are continuing to be removed throughout the district when possible.

**Rodgers School**

- The new playground is completed.
- Two quotes received and under review. Installation anticipated for October.

**Glassboro High School**

- The Board of Education's partnership with the Borough of Glassboro, the High School track resurfacing is well underway, coding complete and finishing of the surface is beginning.
- The Borough is also managing the repairs to the Stadium Press Box. The bulk of the project is done. New flooring and interior paneling are still open.
- The Tennis Courts have been awarded and project is underway. First of four courts and limited fencing is scheduled to be installed on September 30. The other four will be installed on the week of October 14.

**Bond Referendum**

Facility Manager is reviewing Principal wish lists and retired facility manager list of concerns. The compiled list is included on the Administrative Counsel agenda scheduled for Friday, September 20.
