November 16, 2015

Dear Sir:

I am writing to thank you for your generous monetary donation to Glassboro High School. It may seem as if months have passed and you may have been thinking that your amazing generosity was forgotten. I wanted to wait until all of the funds had been spent and all of the new items had been received in order to properly thank you for the many ways in which daily instruction will change at Glassboro High School due to the donation you so graciously gave our school.

Just today I was observing a math lesson that was being taught in a completely different manner due to the interactive technology, the HoverCam, purchased with your funds, which the teacher was using to instruct the students. Students from our STEM Academy are planning the first projects they will build and create with our new 3-D printer. These are just a couple of examples of how things have changed at GHS throughout the school due to your generous donation.

The following items, all requested by teachers, were purchased with the \$20,000.00 donation you made to GHS:

- (10) LogiTech Computer Speakers
- (25) Select Choir Music Folders
- (1) DigiDolly (to easily move our digital piano for performances)
- (18) Portable DVD Burners/Readers
- (2) Portable Staging Kits to level the floor in the Band Room for Percussion instruments
- (2) Ping Pong Tables
- (6) Epson Projectors
- (14) HoverCam Document Cameras
- (1) 3D Printer with Insurance Policy
- (10) Rolls of filament for the 3D Printer
- (\$890.82) remaining dollars were put toward the cost of the Rachel's Challenge Assembly

Your additional donation of \$6,000.00 for the baseball and softball programs will be spent on:

- (4) Baseball/Softball Dugouts (Funds are earmarked for construction)

As you might imagine some of these items are teacher/program specific. Others, like the projectors, document cameras and DVD Readers were spread across the school to a host of teachers in a variety of departments. I cannot begin to describe the "Santa-like" feeling I had when I was distributing these items to the teachers who had requested them for their classes and their students. Rest assured, I told them to thank not me, but our anonymous donor!

DR. DANIELLE F. SNEATHEN, PRINCIPAL

FAX: (856) 307-1189

I took some pictures of the items so you could get a better sense of how the funds were spent. I hope that you can begin to understand from them the awesome changes that these funds will make to daily instruction at GHS.

On behalf of the staff and students of GHS I again thank you for your generous donation.

Sincerely,

Dr. Danielle F. Sneathen
Principal
