Board Action Requested

Seeking approval of Engineers on Wheels Program to visit Mrs. Barr's 5th block class from September – December 2016 on a weekly basis. Dr. Jahan, Professor Civil and Environmental Engineering & her students will present lessons highlighting different areas of engineering. Due to Dr. Jahan's sabbatical we were not involved in the program during 2015-16, this is a continuation of approved participation during 2013-14 and 2014-15.

Details and ramifications:

This would be a continuation of Mrs. Barr's collaboration with Dr. Jahan & the Engineers on Wheels Program.

Positives:

Students will be exposed to unique lessons and activities related to engineering, thus learning would be enhanced.

Concerns:

NONE
