September Monthly Input Sheet

Month	Service	School Grade	Meal Prices	Lunch Operating Days	Breakfast Operating Days
September	Lunch	Elementary	0.00	24	24
		Middle	0.00	24	24
		High	0.00	24	24
		Aux			

Clear Data

Add data to month sheet

Note:
Entering a number of days against a school in the over-ride column will take precedence over the standard operating days shown in the area on the left. Similarly the 'Over-ride' meal prices column will take precedence over the prices on each monthly sheet.

Note:
Use this column to indicate which schools should have their Labour Hours & Meals totals included with another school for Meals per Labour Hours statistics.
Put R for (Roll Up), followed by a digit from 1-9 Add a final letter 'T' (for total) to denote which school should accumulate the numbers.
e.g. Enter R1 against all schools that should be rolled up, and R1T against the school to which they are rolled up. If there is a second or subsequent set of roll ups use R2 & R2T etc.

School	Grade	Total Enrollment	Attendance Factor	Eligible Free	Eligible Reduced	Paid Meals Served	Free Meals Served	Reduced Meals Served	Ala Carte Sales	Breakfast Meals	Avg. Daily Scheduled Hours	September Operating days over-ride	Over-ride meal prices	September Roll Up for Meals/Lab. Hour
