

January 2024-25 Monthly Update

As we welcomed in 2025, we also said hello to a Snowstorm. As the Staff smiled through the cold weather, the students enjoyed our breakfast bar as well as a build your own burger bar. With fresh fruit and vegetable slices and numerous hot food options at the High School and Middle school we kept every warm. And of course my cook Tynita puts her touch on all the Board Dinner's. Every day is a welcomed new challenge. and we will continue to accept what comes our way.
