None

Funded through:
Amazon Grant

Hours/Days per wk:

Benefits: Y or N
(circle one)

Is candidate currently employed by District:
 No Yes

Is candidate a former employee:
 No Yes

(if yes, what position)
If yes, part time or full time (circle one)

Check references/review district personnel file?
 No Yes

Board Action Requested: I am requesting that the course currently known as Intro to Computer Programming, which will be changed to Intro to Computer Science for semester two of this school year be changed again for the next school year, 2019-20, to be called AP Computer Science.

Details and ramifications:

All training and curricular materials will be provided by the Amazon grant we have received.

Positives:

This allows us to follow the new state law requiring all schools to offer a course in Computer Science.

This will add to our AP offerings.

Concerns:

Ms. Jones will be able to teach one less elective course in the Business Department as this AP course will be a full year course.

Other Comments:

The addition of this AP Computer Science course has been a goal of mine as the Principal of GHS, particularly as it is of high interest to our student population and is a perfect addition to our STEM offerings.
