Board Action Requested:
Recommend approval to have all old, broken and unused weight room equipment and weights removed and sent to scrap yard for money. The collection of the scrap metal will not be conducted when school is not in session and the athletic director will monitor workers.

Details and ramifications
The money will be put into the Varsity Club GOA account because the equipment was purchased with Varsity Club funds. Equipment to be removed are broken barbells, 2 leg extension machines, dumbbell rack, weight rack, stationary bike, e-z curl bars, and various unused weight plates. Some of the items to be discarded were donated and/or purchased by Gary Brackett (NFL grants).

Positives:
The items will free up space in a room off of the weight room and the room can be used for changing clothes. The items will never be in the way again when a QSAC inspection is scheduled to occur.

Concerns:
Removing these used items will reduce the chances of anyone getting injured.

Other Comments:
I would like to have a local scrap company that will come to the high school and take everything away and provide funds to purchase new equipment.
Any metal that has been stored under the football stadium since I started to work here (2001) will be removed and lower my and the grounds crews chances of getting hurt while trying to get to needed equipment.
