Dear Tyler Martz,

This letter serves to advise you that a Response Action Outcome has been received by the New Jersey Department of Environmental Protection (NJDEP) for Glassboro Intermediate School.

On May 7, 2009, the Site Remediation Reform Act (SRRA) was enacted. SRRA establishes criteria for the licensing of site remediation professionals who will assure that contaminated sites are remediated in accordance with the Technical Requirements for site Remediation, N.J.A.C. 7:26E. SRRA authorizes the NJDEP to establish mandatory timeframes for the completion of each phase of remediation. These timeframes, as well as other requirements of the act, have been codified in regulations that became effective November 4, 2009. The complete rule can be found at www.state.nj.us/dep/srp/regs/arcs/arcs_rule.pdf. N.J.A.C. 7:26C-2.4 identifies the requirements with which you must comply.

Per the NJDEP records, the following depicts the Areas of Concern associated with your case:
