

Glassboro Public Schools

MEMO

To: Dr. Al Lewis, Superintendent

From: Mr. Craig Stephenson, Assistant Superintendent

Date: 9/22/26

Re: Action Memo
Board Meeting 9/23/26

Purpose:

To inform the Board of Education that the New Jersey Department of Education (NJDOE) has reviewed and approved the Glassboro Public Schools New Jersey Quality Single Accountability Continuum (NJQSAC) District Improvement Plan (DIP).

Background:

The District Improvement Plan was developed in response to the district's NJQSAC review and was approved by the Glassboro Board of Education at its August 2026 meeting prior to submission to the NJDOE.

The district has since received notification from the NJDOE that the plan has been reviewed and approved for implementation. As outlined in the attached correspondence, the Gloucester County Executive Superintendent and County Office staff will conduct an interim review in March 2027 to assess the district's progress in implementing the approved improvement plan.

District administration will continue to implement the identified strategies, monitor progress toward the established goals, and maintain appropriate documentation and evidence in preparation for the interim review.

The NJDOE approval letter is attached for the Board's information.

Board Action:

No action is required. This item is presented for informational purposes only.
