Recommend approval to contract the Homeless/Displaced/Foster route for the 18-19 school year at 4.5 hours per day.

This route has historically been an "as needed" route and for the past few years has been driven by a substitute driver. This is a consistent route each year and therefore should be a contracted position.

Positives: Drivers could never choose this route as it wasn't a contracted run. The substitute that has been driving this route for years will not be returning. In order to fill the route with a driver it needs to be a contracted run.

Concerns: In the event there are no homeless/displaced/foster students in the district, there will be a contracted driver without a run; however this would create a floater driver to fill in for absences.
