Glassboro Board of Education

Technology Report

Technology Department Report
February 11, 2020 – March 06, 2020
submitted by George Weeks

Work Summary:

- Interviewis finalized and candidates hired for 2 open PC Support Technician positions. James Matisi will begin on March 9, 2020. Ray Yansick will begin working on April 20. 2020
- Began working with engineer to finish automated lockdown process using button on desk phone and/or panic button in main office. Phone buttons successfully tested at Bullock on 2/28 and building-wide testing and training was to begin 3/2. On 3/2 the button failed to request a PIN and a false alarm was activated. Phone button was put on hold and George and engineer worked to make Panic Button active. The buttons were programmed and local test in Bullock was completed on 3/4/20. On 3/6/20 a district-wide test was successfully conducted and the panic buttons in each building's main office is now live and active. Phone button will be re-programmed over the next several weeks.
- Continued to meet vendors to review upgrades for firewalls and web filters for July 2020.
- Met with logo committee to review and select new district logo
- Will begin meeting with web-site committee to review site navigation and begin changes so we can implement our new template in April.
- Attended budget meetings

Work Order Statistics

- There are 58 total work orders open as of 3:45pm on 03/06/2020 (+0)
- There have been 3,5,92 work orders closed as of 3:454pm on 03/06/3030 (+232)
