

Technology Report

Technology Department Report

Dec 9th, 2022 – Jan 6th, 2023

Submitted by Chuck Baur and Susan Kornicki

Work Summary:

1. Part shortages no longer seem to be a burden on the department.
2. Increase in damaged devices at the high school and Bowe school continue to be a problem. I continue emphasized to all building principals that teachers convey treating their device with respect and great care.
3. We've completed gathering good device counts on all devices being included in the computer refresh of 2023.
4. We have received quotes from Dell for the computer refresh of summer 2023 and are currently reviewing.
5. Nutanix virtual server farm equipment has been delivered and scheduled to begin installation January 10th
6. Phase II of network upgrades are still on hold as we await key network equipment to complete the project. However, we've been given word some items are shipping end of January.
7. Quotes to relocate GIS cameras to Bowe school to cover many blind spots have been received and being reviewed.

Work Order Statistics – as of 4:00 pm on 1/06/23

Closed Work Orders: 380

Open Work Orders: 153

Professional Development:

- IT Dept is actively looking for Google Admin training as the district looks towards using Chromebooks K-12 summer 23'.
- We look to implement a Trial of Senso (Classroom Management Software) at each school building and pilot the software for possible purchase in 23/24 school year.
- Two demos of network monitoring systems Pulseway and Manage Engine have been completed as the IT Dept looks to bring in house network monitoring alerts.
