## Technology Department Report

June 3<sup>rd</sup>, 2023 – July 13<sup>th</sup>, 2023

Submitted by Chuck Baur

### Work Summary:

1. Student Chromebook devices have begun being delivered to GHS to be inventoried and configured for the upcoming school year.
2. Dell staff devices have been delivered, inventoried, asset tagged and have begun being distributed to staff members. Appointments for new laptop pickup are available all summer.
3. Another ZeroEyes live test will be conducted this July including more district cameras at Bowe school with local PD and Gloucester Co OEM.
4. Phase II of network upgrades have been completed. We continue to troubleshoot small issues affecting some clocks/speakers, paging, and cameras.
5. We will be conducting another test of 911 of each school building to confirm all network voice gateway equipment is functioning as intended.
6. Ricoh printer delivery and implementation has commenced and will be completed over the next few weeks.
7. Classroom management software “Senso” is replacing Impero. The kickoff call is scheduled for August 2<sup>nd</sup>.
8. Equipment for the beach data center power project has started to arrive and will be scheduled for installation before the start of school in September.
9. Configuration for Cisco Duo software 2FA has commenced and we look to implement it on key staff members before September.
10. Kick off call for the panic button project is scheduled for Monday July 17<sup>th</sup>. Goal is to implement and complete by the start of school in September.
