## Technology Department Report

Aug 15<sup>th</sup> , 2023 – September 11<sup>th</sup>, 2023

Submitted by Chuck Baur

### Work Summary:

1. New student Chromebook devices have been distributed to all students across the district.
2. Dell staff devices have been distributed to staff members. Appointments for new laptop pick up remain, we look to have a hard cutoff date by end of Oct.
3. Configuration for Cisco Duo software 2FA has commenced and we look to implement it on key staff members in the beginning of the school year.
4. 6 new physical panic buttons have been installed and tested in each of the six district buildings. Still waiting for additional strobes arrive to be hung along with additional external speakers. Migration to fusion will commence once new equipment is hung.
5. Look to mount Chromebook charging stations in each of the school media centers to assist our students with keeping their devices prepared properly for class.

### Work Order Statistics – as of 3:00 pm on 9/11/23
