Technology Report

Technology Department Report
October 13th, 2023 – November 3rd, 2023
Submitted by Chuck Baur

Work Summary:

1. All staff have successfully received their new Dell 3340 Laptop
2. Cisco Duo software 2FA conversations continue as we look to implement policy. Scheduling a vendor visit to discuss options and how other districts handled the challenge.
3. The new strobes and speakers have been delivered. We are working to schedule the work with the cabling vendor.
4. Migration to Fusion in all six district buildings has been successfully completed. Panic buttons are live and working in each of the six district buildings.
5. We look to tweak and enhance a few panic button settings and ultimately test when all settings are configured along with strobes and speakers when hung.
6. Chromebook charging station has begun being mounted in the GHS Media center.
7. Six additional cameras are scheduled for installation at the transportation building on Monday Nov 6th.
8. Comcast backup internet line is scheduled for installation into our network infrastructure on Friday November 17th.
