Technology Report

Technology Department Report
January 11th, 2025 – February 7th, 2025
Submitted by Chuck Baur

Work Summary:

- New staff IDs have been printed for beach, transportation, GHS, Bowe, and Bullock. Rodgers will be the final school to be done this month.
- Onboarding for the district's new website hosting company "Apptegy" continues with good progress. Training is scheduled for key staff, and we have a go live date of Friday May 2nd.
- Intercom and door release work has been completed at both the Rodgers and Beach buildings.
- We continue to work with Singlewire and ZeroEyes to provide full integration into our panic button system with ZeroEyes gun detection software.
