

Technology Report

Technology Department Report

April 9th, 2025 – May 9th, 2025

Submitted by Chuck Baur

Work Summary:

- The new district website has been launched successfully as of Friday May 2nd.
 - We encourage all students, staff, and community members to download the mobile app.
 - Phase 2 will be migrating to the alerts portion of the website replacing schoolmessenger which is set to take place after July 1st.
- NJSLA testing is successfully underway beginning at Dorothy L. Bullock school.
- Final selections for new firewall replacement and endpoint protection are taking place.
- End of year planning and preparations have begun. The IT Dept will be collecting all district student devices for cleaning, inventory, and repairs for the 25' – 26' school year.
