## Technology Department Report

November 6<sup>th</sup>, 2025 – December 4<sup>th</sup>, 2025

Submitted by Chuck Baur

### Work Summary:

- Four security cameras are officially hung, live, and recording at the bus yard garage building.
- Fifteen additional cameras at Bowe, Transportation, Beach, and GHS have been licensed for ZeroEyes and are being monitored.
- Older POT telephone lines used for HVAC & Backup911 are in the process of being converted to a wireless cellular solution in compliance with FCC Order#19-72A1.
- Grant discussions for Mrs. Poggioli's 3D printing setup at Bowe have initiated. This will allow additional students simultaneously to interact with the creation of 3D objects.
