

Technology Report

Technology Department Report

July 9th – August 13th, 2026

Submitted by Chuck Baur

Work Summary:

- Verizon equipment has been received, configured and ready for deployment at the Mitcho Center at Rowan
- Student Chromebooks have been triaged, cleaned, and re-inventoried ready for September.
- Technology discussions for the referendum at JHR and DLB have initiated.
- New staff have been successfully entered into our systems, accounts created, and IDs printed.
- Successful panic button tests at each district building have been completed along with ZeroEyes/Singlewire integration testing.
