Is candidate currently employed by District:
 No Yes

Is candidate a former employee:
 No Yes

(if yes, what position) _____
If yes, part time or **full time** (circle one)

Check references/review district personnel file?
 No Yes

Board Action Requested:

Request that certificated staff be compensated for loss of prep at the current rate for Health Instruction at Bullock School.

Details & Ramifications:

Bullock School second and fifth grade sexual and reproductive Health for female students, a nine-day course for grade 5 and a three-day course for grade 2 (overlapping), will be taught by female Health teachers from another school. This will result in missed prep for the teachers from the sending school. Cost of 10 prep periods plus two preps planning = \$480.00

Positives:

Female teachers will be paired with female second and fifth-grade students for sensitive topics in sexual and reproductive Health NJ state standards.

Concerns:

Teachers will miss their preps on the days when they have to commute to Bullock. They will need to cover each other's classes as needed. A substitute will be needed on one day when the second and fifth grade classes overlap.

Other Comments:

Normally, this material would be covered by the school nurse. However, the Bullock nursing team is too busy to deliver this instruction due to uncommonly heavy traffic in the nurse's office at this time.
