
GLASSBORO PUBLIC SCHOOLS
DISTRICT PROJECT UPDATE
MARCH 2021

District Wide Projects

High School

- High School Press Box in need of major repairs. Reached out to Borough to see if they still will fix it, no answer yet. Attached is a quote from Gross Construction for \$29,200.00 to make repairs.

GIS

- Fire Inspection revealed a room with a hot water heater had no CO Detector in it, contacted George Duthie. Franklin Alarm was out and investigated and is sending me a quote.

Bowe

Bullock

- NetZero LED lighting continues to be installed in the building.

Rodgers

- Playground gate needs to be repaired as well as fence in small courtyard area where buses drop off. Burger Fence will investigate the repairs and send me a quote.

Beach Admin.

DISTRICT WIDE

- Working with Pitman and Gateway School to receive a truckload of 12 oz hand sanitizer bottles to divide amongst us, 26 skids. This is from FEMA and at no cost to us, we will get one third and have enough to have everyone in the district their own bottle to use daily, approximately 37,000 units for us to use.
- Student desk dividers were received and delivered to each building for student use. Will also make sure they have wipes to clean them when needed.
- rSchooltoday electronic work orders up and running, workorders are being received quicker and being assigned, they are also completed quicker. Still loading info to break down the areas and categories. Making sure all personnel who can either put in the workorders or work on and complete them are in the system. Ongoing process adding info and people for assignments.
- 2 fire violations at GIS one for electrical and one for missing CO Detector. Electrical fixed and CO waiting on Quote all other buildings passed. Franklin Alarm sending quote.
