DISTRICT PROJECT UPDATE
JANUARY 2021

District Wide Projects

High School

- Heating pipe leak in hallway by auditorium, need to shut water down to entire building to do this work. Will keep everyone advised on when this will happen.

GIS

-

Bowe

- It has been discovered that some Bowe rooftop units are again having issues with their fire boxes having CO leaks. This is a repeat from 2017/2019 where Northeast Mechanical custom-made burner box for the same problem back in 2017 and then again in 2019. We have one unit shut down now and possible three others having small but similar issues. We have reinstalled all battery-operated CO meters along with the CO system just recently installed in junction with the fire alarm to make sure we don't have any CO problems in the building.
- Quote received for heat exchanger replacement range from \$142,000 to \$149,000.00.
- Quote received on temporary heat from one contractor \$36,798.00 waiting for more quotes.
- Looking for quotes to see what replacement of these two units would cost, one received for \$511,000.00

Bullock

- Hot water heaters will be replaced, POs issued we were able to keep the same price on quote due to manufacturer agreed to honor original quote even though prices went up \$1200.00 per hot water tank.

Rodgers

- New pump replaced leaking one in boiler room.
- Some units need new valves put in, help will be provided with a contractor, two man job
