Recommend Board ratify the application to and the acceptance of The New Jersey Learning Acceleration Program: High-Impact Tutoring Grant in the amount of \$55,964. The program will support the district by providing high dosage, intensive tutoring through high-impact tutoring interventions for students in grades 3 and 4 that have been disproportionately affected by the pandemic. Students will be identified through NWEA MAP math assessment data and will be offered small group tutoring services three times per week by a GPSD certified teacher. The program will begin in January 2024 and will commence in May 2024. Progress will be monitored through iXL Diagnostic Assessment/Progress Monitoring and NWEA MAP math benchmark assessment data.
