TAHESHA L. WAY
Lt. Governor

ANGELICA ALLEN-McMILLAN, Ed.D.
Acting Commissioner

January 31, 2024

Dr. Mark Silverstein
Chief School Administrator
Glassboro School District
560 Joseph L Bowe Blvd
Glassboro, New Jersey 08028

Dear Dr. Silverstein:

It is my pleasure to inform you the New Jersey Department of Education (Department) has determined that the schools listed below have met the criteria to be eligible to exit comprehensive support and improvement (CSI), additional targeted support and improvement (ATSI), and/or targeted status and improvement (TSI), effective June 30, 2024. Multiple factors informed the decision-making process, including student achievement and other school accountability measures in accordance with [N.J.A.C 6A:33](#) and [New Jersey’s approved Every Student Succeeds Act](#) (ESSA) Plan.

School	2023-24 ESSA Status	2024-25 ESSA Status
Thomas E. Bowe School	CSI	N/A

Next Steps

Eligible CSI, ATSI and TSI schools must continue to implement, and progress monitor their approved Annual School Plan (ASP) for the 2023-2024 school year. Additionally, pursuant to N.J.A.C. 6A:33 the Chief School Administrator must submit a sustainability plan for each eligible CSI school, within 30 business days of this notice. The Department will host the following virtual technical assistance session, via Microsoft Teams, for school districts and schools to engage in dialogue with Department staff regarding the sustainability planning requirement. Schools that are exiting either ATSI or TSI are not required to complete a sustainability plan but are required to continue completing an ASP for a Title I schoolwide program, if applicable, pursuant to the ESSA.

Date and Time	Session Title	Location
February 16, 2024 10:00 AM	Sustainability Plan Exiting CSI Technical Assistance	Microsoft Teams

Attendance at the Sustainability Plan – Exiting CSI Technical Assistance session is strongly encouraged for the Chief School Administrator or designee, the federal program administrator, and principal(s) of eligible Comprehensive schools. Please complete the [Technical Assistance Registration](#) no later than February 9, 2024.

Ongoing Support

Fiscal Year 2024 School Improvement Award (SIA) carryover may be used during the 2024-25 school year to continue evidence-based practices that contributed to the school’s progress. A 2024-25 ASP is required if the school uses SIA carryover or if it is a Title I schoolwide school. Title I targeted assistance schools are strongly encouraged to also sustain continuous improvement through utilization of the ASP. The Department will continue to provide resources and support as school district staff and the school planning team develop the ASP. We will also continue to share information regarding evidence-based practices and professional learning opportunities through our weekly broadcast, county roundtable meetings, and online resources.

I commend your efforts to close achievement gaps and wish you continued success in serving New Jersey’s students. If you have questions, please contact the Department via email at OCS@doe.nj.gov.

Sincerely,

Christopher Irving, Ed.D.
Assistant Commissioner
