GLASSBORO SCHOOL DISTRICT

Monthly Board Items

Date Submitted: 5/5/23 Proposed Effective Date: 2023-2024					
Short description (title): Ratify CSMHCS grant submission Submitted by: Catherine Torbik Building:					
Proposed cost/amount:	ESY:	Funded through:	Bullock Grade(s) impacted if any:		
Board Action Requested: Consideration to ratify submission of NJDOE/Rutgers Comprehensive School Mental Health Coaching and Support Project application					
TA will include develop a plan assistance in ad	titive grant operation of the L. Bullock of formal assessing for improvement ministration of	ment of current mental health supponts, cost-free intensive training and	assistants to meet planned needs, support to develop the implementation		
Positives: No cost to the d	istrict				
Concerns:					
Other Comme	nts:				
FOR OFFICE US	SE ONLY:				
Board Date: Approved: Y or N Index #:					

Q53. Instructions: Interested applicants should complete this application with an existing school leadership and/or student support team by Monday, May 15th at 11:59 pm. The application will ask you a series of questions related to your school demographics, community connections, and mental health systems. Please answer all questions in as much detail as possible. This application should take 45 minutes to complete. We highly encourage you to complete the application in one sitting. Please visit https://ccsmh.rutgers.edu/ to preview the full application.

The Rutgers-Center for Comprehensive School Mental Health (CCSMH) Team and the New Jersey Department of Education will use the information provided to determine eligibility for participation. Applicants will receive an email regarding acceptance into the program in June 2023. If you have any questions about the application, please contact Kristy Ritvalsky at kmr359@shp.rutgers.edu

It is the intention of the district to screen students across the district in the fall of 2023. Q61. Does your school have a team in place to oversee school mental health programming? Yes No	aff year. HQA) the isk

Q10. Does your school have any existing community-based mental health partnerships?

○ No
Q57. Please list the names of the community-based mental health organizations you are partnered with and the services they provide.
Glassboro began a contract with ACENDA, Inc. on 4/18/23, Using Title IV funding, mental health counseling will be provided to approximately 10 students and one class will receive SEL group sessions.
Q37. Will you designate 3-4 staff members to participate in the Comprehensive School Mental Health trainings during the course of the project (please reference project overview handout)? A requirement for participation is designation of 3-4 FTE personnel who can serve as core members of the Comprehensive School Mental Health (CSMH) Team. CSMH Team members will need roughly 2-4 hours per month of flexible time for team meetings, professional development, and coaching activities.
Yes
○ No
Other, please explain.
Q38. Are you willing to you designate 1-2 School Mental Health (SMH) Leads responsible for attending all training events and leading the CSMH team? SMH Leads will need roughly 6-8 hours per month of flexible time for team meetings, professional development, and coaching activities. Please include name(s), title(s), and email address(es).
Katie Evans, Guidance Counselor, kevans@gpsd.us Nicole Werner, I&RS facilitator/BSI teacher, mwerner@gpsd.us To Be Hired: assistant principal
Q39. Briefly describe your Tier I or universally available (e.g., youth court, restorative circles, morning
meetings, SEL curriculum, universal screeners, etc.).
Currently, Dorothy L. Bullock is in the initial implementation of CITRS character education initiative.

Q40. Briefly describe your Tier II or small group supports or Tier III or individualized supports (e.g., youth led groups, Check-in/Check-out, problem solving circles, restorative chats, individual counseling, wrap-around

Yes

services, etc.).

Dorothy L. Bullock does not have official tiered supports in place for students, Students are informally identified through discipline referrals for informal check ins. I&RS will formally identify some students and assign a check in/check out mentor, implementing a behavior check in sheet. Students with IEPS or 504s will be given behavior check in sheets for use with the teacher, Students with IEPs and 504s are provided counseling, individual or group based on mandated related services.

Q41. What are you hoping to gain from participating in the Comprehensive School Mental Health Coaching and Supports Project?

Dorothy L. Bullock Elementary school would like to formally establish a mental health team that through a tiered system of supports can implement preventive strategies to support students. DLB would like to see a decrease in office referrals and CST referrals for discipline related behaviors. DLB would like to create a team that supports each tier. In combination with the current CITRS character education initiative, DLB would like to establish a universal approach to behavioral support through implementation of social emotional lessons in combination with positive and proactive supports at the Tier I level, DLB will implement a universal mental health screener and hopes to gain the support through coaching on the analysis of the yatherer data to best support alignment of interventions to student needs. DLB is hoping to build a repertoire of tiered interventions at every level to meet the unique needs of our students.

Q42. Why should we select your school to participate in the Comprehensive School Mental Health Coaching and Supports Project?

Prior to the pandemic, Glassboro Public Schools had identified a focus on Mental Health supports. These concerns were identified as part of the Strategic Planning committee that began its work in 2020 and in turn developed the Glassboro Public Schools Strategic Action Plan (2021 - 2026). This plan includes a focus on mental health with goals Goal 1: Student Achievement, Develop well-rounded, college/career-ready citizens. Objective IV: Build staff capacity to address students' social emotional and behavioral concerns for all students. Activities as part of this goal include Districtwide PBS meetings and Provisions of additional counseling. Since the pandemic, Glassboro Publics Schools has seen an increase in office referrals, with higher tiered intensity to these referrals. There has been an increase in home instruction requests for students facing school anxiety. There has been an increase in HÍB reports across the district. There has been an increase in students being referred for psychological clearance as well as for placement in partial care mental health facilities. Glassboro has also had to develop an Alternative Evening Middle School for students as young as 12 years old that are unable to maintain behavioral expectations in the Day School setting. In addition to the school based mental health crisis facing the students of Glassboro Public Schools, our community is struggling as well. Students are facing a variety of ACEs outside of school and the trauma influence of these situations carries into the school setting. Glassboro exceeds the State average of McKinney-Vento eligible students in doubled up living situations. The district has more than double the National average of McKinney-Vento eligible students living in motels and number of unaccompanied minors. This level of need far exceeds our District's current capacity to support the mental health needs of these students. On a positive note to these statistics, Glassboro students that are McKinney Vento eligible are consistently coming to school. Glassboro's absenteeism rate for students in McKinney Vento situations is almost five times lower than the state average. This provides Glassboro with the perfect opportunity to provide these students that are at risk with the mental health supports they need to succeed. Dorothy L. Bullock has undergone several administrative changes as well as an increase in student population with the recent redistricting and closing of one of the school buildings. Students are struggling and teachers are looking for ways to help their students be successful. Working with the Comprehensive School Mental Health Team will help DLB develop the sustainable capacity to identify and support the students, teachers and community.

Q50. SECTION C: ADMINISTRATOR COMMITMENTS

Q45. I understand that the goal of participating in the Comprehensive School Mental Health (CSMH) Coaching and Supports Project is to create systems-wide capacity building and intervention implementation, and that to accomplish this, the following commitments are needed to support training and planning activities:

- 1) Attend ALL administrative information sessions, as well as project orientation and closing activities.
- 2) Assemble a team of 4-6 people, using the criteria provided by CSMH Services and Supports Initiative, who will comprise the CSMH team and participate in the training and planning activities to lead the school-based implementation effort.
- 3) Provide up to 3-4 days of release time per year for assigned CSMH Team members to participate in offsite training and activities.
- 4) Provide up to 3-4 days of release time per school year for assigned SMH Lead member(s) to participate in offsite training and activities.

Section C: ADMINISTRATOR COMMITMENTS

I understand that the goal of participating in the Comprehensive School Mental Health (CSMH) Coaching and Supports Project is to create systems-wide capacity building and intervention implementation, and that to accomplish this, the following commitments are needed to support training and planning activities:

- 1. Attend ALL administrative information sessions, as well as project orientation and closing activities.
- Assemble a team of 4-6 people, using the criteria provided by CSMH Services and Supports Initiative, who will comprise the CSMH team and participate in the training and planning activities to lead the school-based implementation effort.
- 3. Provide up to 3-4 days of release time per year for assigned CSMH Team members to participate in offsite training and activities.
- 4. Provide up to 3-4 days of release time per school year for assigned SMH Lead member(s) to participate in offsite training and activities.
- 5. Provide SMH Leads with 6-8 hours per month of flexible time in addition to time for team meetings and professional development activities to fulfill their role.
- 6. Support the alignment of academic, behavior, and social and emotional wellness committees' efforts and interventions.
- 7. Provide the CSMH team with needed support and resources to make decisions and follow through on action items.
- 8. Support CSMH team members in following through on assignments and commitments outside of training and meeting time.
- 9. Provide SMH Team leaders and the CSMH Team with the needed support to engage parent, staff, and student stakeholders in the decision-making process.

- 10. Establish an expectation for all staff to consistently implement CSMH features and prevention practices.
- 11. Share data with Rutgers and NJDOE as requested (i.e., number of office or discipline referrals, number of suspensions, attendance rate, perceptions of progress) and any noted improvements.

We read the commitments and understand that our actions as administrators are critical to successful implementation and sustainability of a Comprehensive School Mental Health system.
