Re: A Qualitative Investigation into NJPIEP Demonstration Sites
P.I. Dr. Helenrose Fives, Ph.D.

Dear Review Board,

This letter serves to give permission to Dr. Helenrose Fives to complete the research project, A Qualitative Investigation into NJPIEP Demonstration Sites. Data collection for the study will take place from the current academic year through November of 2027 at our school's facilities and virtually.

Dr. Fives and the research team will have access to our administrators and staff to conduct her research project.

The research project has been described to my satisfaction.

Sincerely,

Al Lewis, Ed.D.
Superintendent
Glassboro School District
