

MAY 2024

# MONTHLY UPDATE

*amazing things* ARE HAPPENING

## Glassboro School District

Breakfast at Bullock

This month we celebrated our School Lunch Hero's here in Glassboro. The staff received Pretzel nuggets with dipping sauces and gourmet cupcakes to show our appreciation for how hard our staff works to feed out students in the district all year long.

We also celebrated our teachers and support staff for Teacher Appreciation week.

We added a new breakfast sandwich on French Toast to the menu at Bullock and tried Nachos at Bowe MS.

## School Lunch Hero Day—May 3, 2024

School Lunch Hero Day is an annual day of recognition of the hardworking individuals who provide healthy meals to students.

Stop by any school cafeteria to watch school nutrition professionals prepare healthy meals for students—all the while adhering to strict nutrition standards, navigating student food allergies, and offering service with a smile—and you'll see they are true heroes with a unique ability to make a difference in the lives of students.

We are so thankful for all of our Nutri-Serve team members and the incredible work they are doing to provide students with nutritious meals every day!

## Administrative Reviews

It was a busy year with 21 of Nutri-Serve's client districts having administrative reviews during the 2023-24 school year. An administrative review evaluates child nutrition programs on criteria such as proper recording of meal counts, nutritional adequacy of menus, free and reduced meal applications, and more. The review is conducted by state agencies every 3 years. For each review, Nutri-Serve's operations team members conducted preliminary site visits, assisted Food Service Directors with gathering necessary documentation, and provided onsite support on the day of the review.

We truly do our best to learn the administrative review process in its entirety and are continuously refining our operations to ensure that we are prepared and providing the best program possible. Being so involved in the review process means that we learn more about the regulations and review process with each review and can carry that knowledge to other districts to ensure compliance with child nutrition programs and success with reviews.

## Thank You For Another Great Year

As the school year comes to a close, we would like to thank our client partners, teachers, and school staff for your continued support and partnership. We are looking forward to another year of bringing healthy and delicious meals to your school community during the 2024-25 school year!
