Mary –

This needs to be put on agenda for approval. Thanks.

Approve 2 year contract with InfoSnap for On-Line Student Registration. 1st year cost \$12,600. 2nd year \$9,000. Cost is included in Technology budget for Instructional Contracted Services.

This will stream line registration process for ~420+ new students per year, plus returning students by allowing parent the ability to enter information online before coming in for appointment. The system fully integrates with PowerSchool and upon approval of documentation, student records information is automatically entered into PowerSchool.

Importance: High

Hello George,

We are good to go; just email this back to me signed and we can begin work.
The PO is not important at this time.
Very exciting. All the best,

Alert: I have a new email address: Bob.Chappell@infoSnap.com
