Increase PC Support Technician salaries to \$42,750.00 -> total cost \$4,824.50

Patrick Foltyn \$39,595.50 -> \$42,750 increase of \$3,154.50

Enrique Pagan \$41,080.00 -> \$42,750 increase of \$1,670.00

NOTES:

This increase is to equalize tech pay due to experience as well as increase to make a bit more compatible with industry salaries for technicians with 2 years experience.

Positives:

Shows staff we value their experience and want to retain them

Concerns:

Salaries still under what they should be at for their experience level. Another proposal for a step guide will be presented.
