I. Areas Identified for Development of Professional Practice

No.	Areas Identified for Development	Rationale/Sources of Evidence
1	Social and emotional learning (SEL) involves the process through which children and adults acquire and apply the knowledge, attitudes and skills necessary to understand and manage emotions, set and achieve positive goals, feel and show empathy for others, establish and maintain positive relationships, and make responsible decisions. The district will increase the staff capacity for social and emotional learning competences through school culture and climate, discipline, academic achievement, and increased participation in programs with our subgroup populations.	Mental health referrals, student surveys, PARCC subgroup analysis, reading levels, discipline referrals, I&RS and CST Referrals, participation in accelerated class and or programs.
2	With moving to one-to-one student laptops, fully utilize Tech Coach to support Bullock 3 rd grade teachers by providing a framework for learning, teaching and leading that is amplified by utilizing technology within the classroom through implementation of ISTE standards.	With the use of the 1:1 technology, students develop skills to create and use online resources, research, analyze data, critical thinking and problem-solve skills and direct their own use of technology
3	To continue to improve student Writing skills through Strategies for Writers measured by benchmarks and common grade level assessments.	PARCC testing results and staff survey continues to reflect a need for PD in the areas of Writing instruction
