

GLASSBORO PUBLIC SCHOOLS
GLASSBORO, NEW JERSEY

TO: Mark Silverstein
FROM: Scott Henry 
DATE: April 11, 2016
RE: Agenda Item for April 27, 2016

Attached is information on the PEPPM Technology Bidding and Purchasing Program. The Technology Office has requested permission to use the program. The district may realize savings on technology purchases through this program, therefore I recommend board approval. There is no cost to the district to use the PEPPM Program.

RECOMMEND, that the Board of Education on the recommendation of the School Business Administrator, approve participation in the PEPPM Technology Bidding and Purchasing Program. There is no cost to the district to participate in this program.

PEPPM offers technology products at low, contract-protected prices

PEPPM is a cooperative purchasing program for competitively bid technology products available for schools, libraries, colleges and universities, local and state government agencies, municipal authorities and other non-profit organizations. There is no membership fee or cost to access quotes or purchase products.

PEPPM has product line and catalog contract awards on more than 1 million items such as computers, copiers, furniture, peripherals, software, audio-visual, communication products and more.

PEPPM advertises and conducts sealed competitive bids – satisfying legal bid requirements – so there is no need for local quotes or bids.

Proposals are received and evaluated, then contracts are awarded, monitored, audited and ready for use.

Contracts are bid and awarded in Pennsylvania and California, and available for use in other states where piggybacking is permitted.

New products are added frequently and vary from state to state. Visit www.peppm.org to view up-to-date pricing and products.

When it's time to place an order, buyers fax orders to PEPPM, where they are reviewed to ensure purchase order accuracy, correct vendor pricing and product availability.

Schools and agencies that shop with PEPPM enjoy these value-added services available exclusively through PEPPM:

- complete bid protection with one-stop shopping;
- most-favored pricing;
- purchase order archiving;
- e-commerce enabled ordering;
- volume/spot pricing;
- quarterly reporting; and
- free shipping on orders over \$500.

Visit www.peppm.org to learn how you can start saving time and money with the PEPPM program.

Neighbor-to-Neighbor Contracts

Together, we can purchase technology more quickly and at lower costs of acquisition

New Jersey law permits school districts to buy technology equipment and supplies using procurement contracts competitively bid through the PEPPM purchasing cooperative in Pennsylvania.

What benefits does a school board member expect by authorizing staff to use a neighboring state's low-bid contracts?

Legal protection

You want assurance that your purchases are made legally under the authority of a rigorous, competitive bid process. That's PEPPM.

Hard-dollar savings

You want assurance that vendors will give you their lowest price, and you don't want co-op membership fees. That's PEPPM.

Efficiency to save staff time

You want to buy immediately without a waiting period, and you want to see prices without making phone calls. That's PEPPM.

A marketplace with choices

You want a one-stop shop for all major technology brands. That's PEPPM, with over 300 product-line contracts, 16 catalog contracts, and more than 1,000 brands to choose from.
