Hello Mary

This is what I have received from the Coordinator of the program, as to next year's services.

Hope this helps

Dave

Hi Dave,

For year 2015-2016, we are planning to keep the number of services days to each of our Districts the same as we are currently offering this year. So, Glassboro will continue to receive 2 days of social work support and 2 days of behavior consultant (same as Clayton and SMRS.)

If you have any more questions or need additional information, please let me know.

Thanks!

To the Pascale Sykes Foundation,

Once again, as Superintendent of Glassboro Public School District, I am committed to supporting the Glassboro Education Foundation in its application to obtain the Pascale Sykes Strengthening South Jersey Grant in relation to the Child Connection Center program.

Glassboro Public School District is dedicated to committing the effort to implement the Child Connection Center program for our students and families in cooperation with the other participating agencies in this collaboration. As such, I am prepared to support the administration and staff at our Intermediate School to ease the facilitation of this project and understand that our primary role in this partnership is to provide the following:

1. Space for services to be implemented and facilitate the referral process among students, staff, administration and families
2. Promotion of program services among students, staff, administration and families
3. Tracking of data generated from CCC at Glassboro in a manner consistent with fellow partner agencies
4. Reporting of outcomes from Glassboro in a manner consistent with fellow partnering agencies
5. Active participation in the Child Connection Center Steering Committee

Glassboro Public School District will enable students to have the opportunity to benefit from services offered through the Child Connection Center in-school and during school hours as well as during non-school hours (family events, in-home support, etc.)

I recognize that this effort will benefit the students and families in three schools within our region and am proud that Glassboro is partnering in this proposal. Thank you for considering this project as part of Pascale Sykes Strengthening South Jersey Initiative.

Sincerely,

A handwritten signature in black ink, appearing to read "Mark J. Silverstein", written over a horizontal line.

Kriston Matthews, Sr. Principal

April 2014

To the Pascale Sykes Foundation,

As the principal of Glassboro Intermediate School, I am writing to fully endorse the Pascale Sykes Strengthening South Jersey Grant in relation to the Child Center program. In addition, I will briefly highlight some of the activities and personnel from the Child Center Program. It is my belief that programs that focus on the entire family and not just an outcome have a definitive and positive lasting effect upon sustaining society's most productive institution - the family.

The Glassboro Intermediate School and Staff are committed to providing students with more proactive, rather than reactive services. The behavioral specialist has worked with some difficult cases involving family and students in need and is becoming a valuable resource to the school. The specialist offers suggestions on how to address and prevent troubling behavior. Services from the behavioral specialist and school counselor have meshed well providing a continuum of services.

Recently, we have also received the services of a school Social Worker. She has provided lists of resources for families pin pointing specific social and emotional needs on which providers can focus their attention. Her expertise in social services agencies will continue to serve as a great school asset. Therefore, it is without hesitation that I recommend the continuance of the Child Connection Center program as it is having a direct impact upon families and students.

Sincerely,

A handwritten signature in cursive script that reads "Kriston Matthews".
