

9150 SCHOOL VISITORS

The Board of Education welcomes and encourages visits to school by parent(s) or legal guardian(s), other adult residents of the community, and interested educators. In order for the educational program to continue undisturbed when visitors are present and to prevent the intrusion of disruptive persons into the schools, the Board directs the enforcement of rules governing school visits.

The Superintendent and Building Principal each possess the authority to prohibit the entry of any person into a school of this district or to expel any person from the school when there is reason to believe the presence of such person would be inimical to the good order of the school. If such a person refuses to leave the school grounds or creates a disturbance, the Principal is authorized to request from the local law enforcement agency whatever assistance is required to remove the individual.

Visitors shall be required to register their presence in the school. No staff member shall transact business with or permit the continuing presence in the school of a visitor who has not been duly registered.

No visitor may confer with a pupil in school without the approval of the Principal; any such conference may take place only in the presence of a teaching staff member and/or administrator.

The Superintendent shall develop regulations that will protect pupils and employees of the district from disruption to the educational program and the efficient conduct of their assigned tasks.

Visitor Procedures for Contagion Prevention

In order to prevent the spread of disease during pandemic recovery and to protect the health and safety of students and staff against infection, no visitors shall be permitted in the schools until pandemic restrictions are lifted. The principal may admit a visitor if he or she determines that it is necessary. In all such cases, the visitor shall submit to the screening procedure (e.g., temperature and exposure questionnaire) and shall be required to wear a face mask while in the school building as well as any district and school procedures implemented in an effort to protect the health and safety of the school staff and students. This includes, but is not limited to, adhering to any posted social distancing markers/signage. The face mask shall be required in all cases. However, an accommodation may be made where the visitor can demonstrate that wearing a face mask is detrimental to the

POLICY

visitor's health. A child under two years of age shall not be required to wear a face mask.
